CLIP

CLIP

For dynamic families.

CLIP by Ormesa is a **practical and quick seating system, for people with disabilities, children and adults.**

It is **easy to handle, fold and push.**

Its wheels are suitable for all terrain and **folding operations are fast and user friendly.**

Thanks to a **wide range of available components**, it adapts to different needs.

Its **low weight** and **easy folding** make it the ideal solution for those families who are often on the move or who live in cities with required and difficult passages on pavements and crowded areas.

PRODUCT
MARKED 

CLIP is a MEDICAL DEVICE that COMPLIES WITH THE SAFETY REQUIREMENTS defined with the REGULATION (EU) 2017/745

Clip 1, 2, 3 passed the **CRASH TEST** according to the **ISO 7176/19**

Lightweight and robust

Backrest and seat with internal removable aluminum bars

Double Cross Structure

Located behind the back rest and under the seat in order to guarantee support and comfort.

Internal bars

Made in aluminum, present both in the backrest and seat. They can be shaped to meet specific postural needs.

These bars guarantee the correct stiffness to the back rest and seat, while still maintaining breathability.

Easily removable for upholstery washing.

Back rest

Adjustable in inclination into 3 positions, through zippers. Located behind the backrest, there is a basket for objects.

Seat

With a slight inclination to increase comfort.

Adjustable handles

in height. **TOOLS FREE!**

Removable footrest/s

Extractable, height-adjustable for sizes 1, 2, 3.
Height-adjustable and foldable for size 4.

Wheels

puncture-proof, suitable for all types of terrain.

Clip 1, 2, 3: front swivel wheels 15 cm;
20 cm, **with independent brakes.**

Clip 4: 17.5 cm front swivel wheels;
25 cm, **with independent drum brakes.**

Overcoming step bar.

High performance

Cutting-edge upholstery

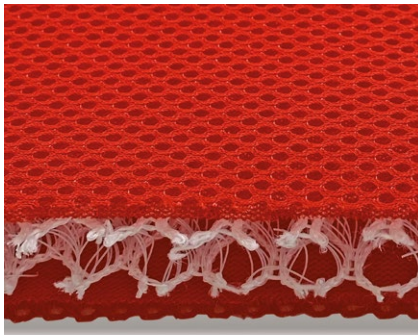

CLIP has an **extremely breathable, comfortable, durable, easy-to-clean, and quick-to-dry removable upholstery**.

In the central part of the backrest and seat, the covering is made of **highly innovative and breathable material, both internally and externally**.

The inner fabric is three-dimensional, **lightweight**, and ensures:

- **high air circulation**
- **optimal weight distribution**
- **excellent comfort.**

The outer fabric is also extremely **resistant to abrasion** and is **fire-retardant** according to EN 1021-1:2014 and EN 1021-2:2014 standards.

**Easily washable
with fast
drying times!**
